This view is very poor. Our old 84689 was better. It shows buildings to the right as they should be. Make over from this photo, referring to 84689 for buildings to right, and at left put in Telephone Bldg. referring to 101727 for an idea of this.

This was referred to in customers letter of  
April 5th, as view #40. They submitted a  
sketch showing a new building next to red  
building on right hand side of the left hand  
street. They enclosed a post card picture  
of the building. With the exception of the  
hills in distance being too green, balance  
of card is O. K.
